Improving and enhancing lives - Turkish and Kurdish speaking community and family project

In partnership with IMECE (Women's Centre) and Derman (Mental Health service); we aim to deliver a service which supports Turkish and Kurdish speakers whether they are 6 months or 80 years old.

Main duties and responsibilities

- You will be supporting the delivery of services within a dynamic and highly skilled team which supports Turkish and Kurdish speaking Families.
- To provide support for all aspects of life for Turkish and Kurdish speaking communities in Hackney and Islington to prevent isolation and encourage inclusion, early intervention and use of all available services
- To set up and organise the Parents' forums and other parent groups, to seek the views of users and organising Parenting Programmes for Turkish speaking parents.

Candidates must have:

- Be fully literate in both Turkish and English. (Kurdish is an advantage)
- Have professional qualifications or work experience in education, childcare or community services.
- Experience in working with different community groups and services.
- Experience of developing and delivering programmes designed to support the whole family's needs.
- Be IT literate and experience of monitoring and report writing.

An application pack will be sent out, CV's will not be accepted

All job offers are subject to the completion of suitable references, health, and DBS check.

Successful candidate will have access to in-house training and career development opportunities as well as external training opportunities.

Application forms available via e-mail to Pat James:
