Supporting Early Career Teachers 2022 - 2023

Congratulations on joining a great profession!

As a school, we are committed to offering the best professional development we can to all colleagues. We recognise the ECT year is a crucial year for support and development: we aim to make these as strong as they possibly can be for you.

You know your year as an Early Career Teacher contains challenges and opportunities. You are dealing with a fuller timetable than you did as a trainee teacher, and you are taking full responsibility for teaching and assessing your own classes, without the support of the class teacher. We offer a range of support, both formal and informal.

Timetable

You will be teaching a slightly reduced allocation in your ECT year. ECTs are tutors and if not allocated to be a tutor, you will be attached to a year group team.

Mentoring

You will have a mentor within your subject area. They will meet with you each week, and support you with planning, marking and behaviour management. They will work with the Head of Faculty or Subject and with the Early Teachers Co-ordinator. They will also write your termly ECT reports and do some of your formal observations.

You will have six formal observations by a range of staff; however, we also encourage mentors and Faculties to support you informally, as well as ensuring you take part in peer observation.

Training

A training programme will be organised, which will develop and extend your understanding of the issues covered in your initial induction period, as well as covering other issues such as Literacy and Equalities. This will generally take place after school. In addition, you will take part in whole school and faculty training.

Support across the school

We are proud of the supportive and friendly nature of our staff. Staff often meet after school for social events, and the school puts a strong emphasis on wellbeing for both staff and students. In addition, we have a Staff Association which all members of staff are members of. Staff Association organises social events. You are also encouraged to join a union for professional reasons.

We look forward to working with you!
